

City of Morgan Hill Demonstration Gardens

POLICE STATION

Features

- Drought tolerant plants
- Drip irrigation
- Mulch ground cover

Located in front of the Morgan Hill Police Station, located at 16200 Vineyard Boulevard, this landscape spans across the length of the Police Department and can be easily viewed as one walks or drives by. The area features several types of drought tolerant plants including Sticky Monkey Flower and Seaside Daisy. Mulch and drip irrigation and are in place to reduce water use while encouraging a healthy soil. By converting this area from lawn to a drought tolerant landscape, it saves roughly 110,171 gallons per year.

Police Station
