

2018 CALIFORNIA PROPOSITION 6

Q: WHAT IS PROPOSITION 6?

A: Proposition 6 would repeal SB1 - eliminating the gas and diesel tax increases, and vehicle fees that were approved in 2017. It would also mandate voter approval for fuel tax and vehicle fee increases in the future.

Q: WHAT IS SB1: The Road Repair and Accountability Act of 2017?

A: In April 2017 legislation was enacted increasing State revenues for California's transportation system by an average of \$5.2 billion annually over the next decade. SB1 increased gasoline and diesel taxes, while also creating new vehicle taxes and fees to fund transportation projects. The funds are allocated to cities statewide on a per capita basis.

Q: HOW DOES PROPOSITION 6 AFFECT THE CITY OF MORGAN HILL?

A: The City of Morgan Hill receives approximately \$800,000 each year for road improvement projects. Morgan Hill will no longer receive these funds if Proposition 6 passes.

Q: WHAT ROAD IMPROVEMENT PROJECTS ARE IN JEOPARDY IF PROPOSITION 6 PASSES?

A: At least six street improvement projects are in jeopardy if Proposition 6 passes. The City of Morgan Hill has adopted a 6-year Capital Improvement Program with over \$17.5 million in road improvement projects. It is estimated that SB1 could contribute \$4.8 - \$6.0 million to these projects. The road improvement projects will be significantly impacted if Proposition 6 passes.
