Filing Requirements for CONDITIONAL USE PERMIT

PURPOSE

The Conditional Use Permit process is intended to ensure proper integration into the community of uses which may only be suitable in specific locations in a zoning district, or only if such uses are designed in a particular manner or subjected to specific conditions. In addition, in select locations, control as to design of structures and site layout is necessary to assure compatibility within the district and its surroundings. All conditional use permit applications must be reviewed by the City's Planning Commission.

A Conditional Use Permit shall be required for all uses or development proposals listed as conditional uses in the zoning district regulations, or elsewhere in Division I of this title per Section 18.54.020 of the Municipal Code.
