Brittney Sherman Selected as Economic Development Coordinator

Morgan Hill, CA: The City of Morgan Hill’s Economic Development team gets a boost with the addition of local business advocate Brittney Sherman. Sherman has 15 years of tourism and business development experience and currently serves as the CEO/President for the Morgan Hill Chamber of Commerce. Prior to launching her career with the Chamber of Commerce in 2016, Sherman worked throughout the United States in a variety of sales and management roles in the hotel and hospitality industry.

“Brittney will be a great addition to the City’s Economic Development team. She brings a wealth of local knowledge, long-standing relationships, and a self-starter approach that is critical to the execution and implementation of the City’s Economic Blueprint,” Economic Development Director Matt Mahood stated. “She is well known by our business community and is exceptional at building relationships with our businesses and partner organizations,” Matt added.

Over the past 7 ½ years working in Morgan Hill, with the Chamber of Commerce and the hotel and hospital industry, Sherman supported local businesses with information, tools, resources, and advocacy. In addition, she has been instrumental in organizing and executing two high-profile community events; the Friday Night Music Series and Taste of Morgan Hill Festival.

“I am absolutely thrilled to become a Morgan Hill city teammate. I care so deeply about the businesses, employees, and residents of this amazing community that has become a large part of who I am. I look forward to supporting and growing the City’s economic development efforts in the recruitment and retention of businesses.”

Brittney holds a Bachelor’s Degree in Criminal Justice from San Jose State University. She will join the Morgan Hill team on November 8, 2021.

About City of Morgan Hill

Morgan Hill is a 47,374-resident community in Silicon Valley, just 10 miles south of San Jose. Morgan Hill shares an entrepreneurial spirit and thirst for innovation.
