

Kids' Club

We provide structured programmed activities in our Kids' Club for children ages 6 weeks to 12 years while parents are working out. There is a 90 minute time limit per day for Kids' Club and parents must remain on the premises. At Kids' Club your child(ren) will always be activity and engaged in something. Please know that the television in Kids' Club will only show educational videos/shows when it is scheduled on the Kids' Club Calendar.

Occasionally, young children have separation anxiety. Our staff will try to console your child for a period of time but if your child is not adjusting, a staff person will come and get you. We encourage you to keep bringing your child to the Kids' Club on subsequent visits because once the child is accustomed to the environment, this behavior will subside. If your child is being potty-trained, please notify the staff so they can work with you and your child. Kids' Club does not change diapers. If there is a potty accident a Kids' Club staff will come get you.
